DHRC v RNTRC – Sunday 28th June 2026

We had a team of 5 for our match against the Royal Navy Target Rifle Club. As this would be our last shoot before the Imperial Meeting, we decided to shoot un-coached to get some competition practice.

The weather was warm and dry and the temperature just right. However, the wind was very interesting, especially at long range! We also had a few unexplained misses and the RNTRC won by a considerable margin. Our top score was Glyn with 125.10
